

SWIMMING AND LIFESAVING MERIT BADGE CLASSES WERE HELD AT CAMP TRASK JULY 13-17

Nine Scouts swam and earned merit badges this week at Trask. All CDC, State, County and BSA safety measures were enforced. Swimmers practiced in the water with their own family members; social distancing was maintained between family groups, and common areas were sanitized regularly.

Course directors were David Hensley and Susan Hensley RN, longtime BSA Aquatics Instructors for GLAAC. They were assisted by Dylan, Christopher and Robert Gregory, Lifeguard Instructors and Water Safety Instructors for Red Cross. Mathew Gregory, BSA Lifeguard, assisted also.

For information on further American Red Cross or BSA Aquatics Training, you can contact American Red Cross or GLAAC.
