Individual sites may be reserved online at [www.reservecalifornia.com](http://www.reservecalifornia.com) up to six months in advance. 8 people and up to three vehicles are allowed per individual site. Campsites 11 thru 17 are especially desirable as they are open and spacious, next to the trailhead, and furthest away from the ocean.

There are several trails leading from the campground allowing a variety of flat, uphill with views, or creek-side walking (to Serrano Canyon). The beach is accessible via a trail that leads underneath Highway 1. There are no lifeguards in the off-season, so leaders would need to be Safe Swim Defense trained.

There are water spigots available throughout the campground. Restroom buildings have multiple doors, each leading to its own stall with a toilet, toilet plus sink, or shower. Sinks are also available external to the building, and showers are coin operated.

The campground is 10.5 miles from a grocery store and a mini-mall shopping district at Trancas Canyon. Nearest fire station is 3.8 miles south or else a similar distance north. Cell phone coverage is fine on the beach. There are individual ADA compliant sites and the restrooms have ADA compliant stalls.
